

CRIS OUT-BACK FELLOWSHIP PROGRAMME	
DATOS CONVOCATORIA	
Título	CRIS Out-Back Fellowship Programme
Objetivo	<p>This programme exists to train scientists and medical doctors outstanding of any nationality who wish to train themselves in any foreign country and return to Spain, in order to develop their cancer research career in Spanish research centers, hospitals or universities and become the future leaders of cancer research.</p> <p>To provide competitive economic conditions and incentives for these doctors to develop their training abroad and establish their career in Spain. CRIS Cancer believes that the training of researchers should go farther than the purely practical and scientific. For this reason, the awardees will be involved in a training plan that will provide them with mentoring and essential skills and insights to become future leaders of cancer research.</p>
