

NUEVA CONVOCATORIA/NEW CALL	
DATOS CONVOCATORIA ---- CALL DETAILS	
Title	ERC-2023-StG
Aim	The ERC Starting Grants are designed to support excellent Principal Investigators at the career stage at which they are starting their own independent research team or programme. Principal Investigators must demonstrate the ground-breaking nature, ambition and feasibility of their scientific proposal
Funding body	EUROPEAN COMMISSION
Web	https://ec.europa.eu/
Deadline	25 October 2022, 17:00:00 Brussels time
CARACTERÍSTICAS PRINCIPALES ---- MAJOR CHARACTERISTICS	
Financial support	Starting Grants may be awarded up to a maximum of EUR 1 500 000 for a period of 5 years . The maximum size of the grants is reduced <i>pro rata temporis</i> for projects of a shorter duration. (This does not apply to ongoing projects). Additional funding up to EUR 1 000 000 can be requested in the proposal to cover the following eligible costs when these are necessary to carry out the proposed work: (a) "start-up" costs for Principal Investigators moving to the EU or an Associated Country from elsewhere as a consequence of receiving the ERC grant and/or (b) the purchase of major equipment and/or (c) access to large facilities and/or (d) other major experimental and field work costs, excluding personnel costs
Eligibility	The Principal Investigators shall have successfully defended their first PhD at least 2 and up to 7 years prior to 1 January 2023 . Cut-off dates: Successful defence of PhD between 1 January 2016 and 31 December 2020 (inclusive) . The eligibility period can be extended beyond 7 years in certain properly documented circumstances. See section <i>Admissibility and eligibility criteria</i> of the ERC Work Programme 2023 . A competitive Starting Grant Principal Investigator must have already shown the potential for research independence and evidence of maturity, for example by having produced at least one important publication as main author or without the participation of their PhD supervisor . Applicant Principal Investigators should also be able to demonstrate a promising track record of early achievements appropriate to their research field and career stage, including, e.g. significant publications (as main author) in major international peer-reviewed multidisciplinary scientific journals, or significant publications in the leading international peer-reviewed journals of their respective field, or research monographs. They may also demonstrate a record of invited presentations in well-established international conferences, granted patents, awards, prizes, or any other scientific achievements they deem relevant in relation to their research field and project.
PRESENTACIÓN DE SOLICITUDES ---- APPLICATION PROCEDURE	
Application materials	The Administrative form Part A (including the Ethics Issues Table and the Budget Section) is available in the submission tool below. The budget table and the justification of the Resources are part of this online form Part A (Section 3 - Budget). For more details, please refer to section 2.3 of the ERC Information for Applicants . Part B1, Part B2 and the Host Institution Binding Statement of Support templates are provided in the submission system as word-templates (they should be completed, uploaded and submitted via the submission tool as PDF files)
